Thomson, T Kennard

480

November 10th, 1917

Dr. T. Kennard Thomson,
50 Church Street,
New York.

Dear Dr. Thomson:

I constantly wonder at the daring schemes that you put forward in connection with your engineering work and I hope that you will be able before long to realise some of your plans.

I have not lately heard from Colonel Mitchell except indirectly. Mr. Lyon of "The Globe" told us three days ago he was undoubtedly one of the finds of the war. We are having severe losses, however, all the time.

I have only had a glimpse of your daughter this session. With kind regards, I am,

Yours sincerely,

President.

1917-1918 (016)

April 30th, 1918

Dr. T. Kennard Thomson,
50 Church Street,
New York City.

Dear Dr. Thomson:

I have received your letter with regard to Mr. Tye and will look into it as soon as I return from Cleveland.

I am sending you a copy of the "Roll of Service"

On Saturday I saw your daughter and she seemed to be very well and glad at the thought of seeing you all again.

Let me thank you again for your unfailing kindness to me. With kind regards, I am,

Yours sincerely,

President.

June 29th, 1918

Dr. T. Kennard Thomson,
50 Church Street,
New York.

My dear Dr. Thomson:

I have this morning received your letter and
am forwarding it to Dean Ellis to whom I also referred your former
correspondence with regard to this matter. No action, however,
I think can be taken until the Council considers the matter in the
autumn.

I expect to leave for England in about a
fortnight and to be away all summer.

Yours sincerely,

President.
